I’m loving this book. Having just moved to Tennessee, it was a little daunting to try and figure out

what to do and when to do it. This book covers in a very logical fashion what you should be doing each month. I like that the categories are separated within each month, so if I don't have any edibles or any bulbs, I can easily skip over that section. There are a ton of great tips, and I'm only through March! I started with January. Can't wait to see how much more help I'll get from this book. So far, it's been invaluable.

Great book, just what we needed to get our garden planned out.

Love this book. It is just what I was looking for.

wonderful gift for flower lover
