Customer Reviews

I bought this book as an introduction to the concept of eating right for your blood type and was excited to start reading it. Unfortunately I was appalled by the way it is written. Perhaps, it was translated electronically and never reread or edited. The quality of the writing is absolutely unacceptable.

It was helpful I just wish it had more about what to eat and what not to eat. I'm going to have to buy another book.

The vocabulary used in this book makes me think it was translated by an app that totally missed the intent of most sentences. It was too broad and nonspecific.

Not showing any diet. Not what I expected.
