The A To Z Of Plant Names: A Quick Reference Guide To 4000 Garden Plants

Synopsis

Botanical names can be baffling to even the most experienced gardener. But a plant's botanical name is more than just a handy label—it can tell a plant's country of origin, the shape of its leaves, the color of its petals, and much more. The A to Z of Plant Names clears the confusion and allows every gardener to name plants with confidence. This comprehensive yet handy guide features the botanic names of the plants that gardeners really grow. Additional information includes suggested pronunciation, the common name, the derivation of the scientific name, the number of species currently accepted, the type of plant and the distribution. The A to Z of Plant Names helps demystify names, provides readers with the intriguing background information to naming conventions, and empowers gardeners everywhere to feel confident about naming plants.

Book Information

Hardcover: 312 pages

Publisher: Timber Press (May 29, 2012)

ISBN-13: 978-1604691962

Product Dimensions: 5.8 x 1 x 8.3 inches

Shipping Weight: 15.5 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars— See all reviews— (2 customer reviews)

Best Sellers Rank: #675,424 in Books (See Top 100 in Books) #241 in Books > Crafts, Hobbies & Home > Gardening & Landscape Design > Ornamental Plants #552 in Books > Reference > Encyclopedias & Subject Guides > Gardening #574 in Books > Crafts, Hobbies & Home > Gardening & Landscape Design > Reference

Customer Reviews

I am pleased Allen Coombes has been able to update and release this new book on Plant Names. Firstly he has moved away from the classical pronunciation he used in his previous book 'Dictionary of Plant Names' 1985 to give readers the commonly used pronunciation by English speakers for example Aesculus was (i-ku-lus) now (ees-kew-loos). Next he has given us the latest names of plants which were previously wrongly identified i.e. some Asters now Symphyotrichum and some Dicentra now Lamprocapnos. In fact this book is more up to date than the latest RHS Plant Finder. I have thoroughly enjoyed using this English authoritative book on plant names, and recommend it to all readers interested in plant names to add to their book shelves for constant

reference.

Great reference book for gardeners!
