I was glad to find this book. This book took me into the nostalgia. I remembered how many people in our country followed the recommendations of the doctor Atkins. I saw here so many recipes. It was rather interesting. I think this book will take a great place in my culinary library.

I have recently put on a lot of weight, and I wanted to give the Atkins diet a shot. This book helped me a lot in this direction, the cheese and avocado omelet is my absolute favourite. So far, I've been

eating smaller meals throughout the day. It's not as hard as you would expect, just because you get to snack a lot. It's supposed to help your body properly burn more fat and boost your metabolism. I really hope the Atkins diet helps me to shed a few pounds, I needed a low-carb plan and this book was a perfect match.
