Customer Reviews

I love, love, love this book! Many of the recipes are simple to make and give a break from the Standard American Diet recipes. Gordon takes traditional recipes like mousaka and curries to a refined level, but still easy to create. I highly recommend this!

Love this cookbook. Gordon does a great job of describing cooking techniques the average person wouldn't have thought about any other way. Squeezes in recipes wherever he can (i.e. Five ways with steak, five ways with pizza). The recipes go all over the world, literally. From Great Britain to the US, down to India and China. Definitely recommend this one.

Excited to try the recipes, though unsure if I will be able to get the ingredients in my town.

Recipes (at least the ones I've tried out) worked out well. Clear instructions for most parts on how to

handle each of the key ingredients.
