Customer Reviews

The pattern appears to be pillow like letters. There are no instructions for the letters to be made this way. Instead it is a pattern more like an applique. The pattern is okay if you want flat letters. Unlike the display photo for the pattern.

The cover of this book is VERY deceiving. There are no directions to make the 3d letters that are on the cover. In fact there are no directions at all - just diagrams for flat letters. Glad that it was free with Kindle Unlimited.
