Customer Reviews

The patterns are wonderfully made with detail throughout. What was vintage is now the rage and on my knitting needles. I'm very happy that someone took the time and effort to save these patterns.

This is a good book for a beginner wanting to knit small pieces. They do knit quick and the instructions are easy to follow.

Inside are very nice and easy to understand patterns. When you look closer the "Vintage" Patterns come along modern. Look out for your gauge and you will love the patterns.

Love the idea of having the patterns on hand at any time, Love the classical pattern nothing beats the old styles for babies.

Patterns too vintage. Sweaters would only appeal to a select few. The average young mother would not appreciate the styles.
